

## **CRISIS COMMITTEE: WAR OF THE NATIONS**

### **CONCHITA MÉNDEZ**

Conchita Méndez is a 22 year old student at Universidad Autónoma de Madrid. She's currently studying Law and Political Science. She's always been passionate for International Relations and has participated in many MUN's at a national and international level: LIMUN, MENTON, COMPIMUN, AUMUN... Her favorite committees are Crisis and Security Council as she believes little committees give the opportunity to truly negotiate and better involve each delegate in the debate.

### **MAZZA FARAJALLAH**

Mazza FarajAllah started her Model UN journey when she joined Dar Al Hekma University, where she studied Banking & Finance in Saudi Arabia. Originally Sudanese American and born and raised in the Kingdom of Saudi Arabia, with frequent visits to both the US and Sudan has made Mazza very interested in world affairs and politics. While Mazza was the Vice President of her Student Government, she traveled with her MUN team to Boston, USA to participate in the Harvard National Model United Nations 2012 Conference and received Honorable Mention award in the Human Rights Committee. After her win, Mazza joined Model UN full time, chaired numerous times in Dar Al Hekma Model United Nations and was the Public Speaking & Training Director of the team. She led the delegation going to the 60th Session of the Harvard National Model United Nations 2014. Being a part of Model UN has inspired Mazza to continue a career in International Relations and Foreign Policy, what she hopes to do next. Mazza is extremely excited to continue her Model UN journey in chairing the Crisis Committee alongside her fabulous co-chair and meeting delegates coming from all over in AUMUN 2018!
